## COMEBACK NOW BEING STAGED CAMP ROYSTON

Royston continues to hum along and there is a feeling manifest among the residents of the camp, as well as many others interested, that the district will shortly again be the scene of great activity. Leasers at work on various properties continue to make new finds of promise, and the future of the new mining camp seems to be based largely on the fact that rich ore has been found on the 300 level of the Hudson shaft workings.

The Super Six Mining company, owning the Frisco group of claims near the Golden Eagle claim, whence a production in excess of \$20,000 was made in sinking an incline shaft to a depth of 53 feet, is prosecuting active development through what is known as No. 2 shaft. This shaft has a depth of 80 feet and cross-cuts have been extended both east and west for a distance of 35 feet. The vein has not yet been intersected, but the objective should be reached at almost any time. This company is prosecuting work in a number of other places and the showings are reported as being up to expectations.

The Wilson lease on the C. O. D. claim, where a fine looking body of ore was recently uncovered at shallow depth, is reported as making a splendid showing. The ore vein is still intact and assays show values averaging around \$70 a ton, with gold and silver contents about equally divided.

Operations on the Kincaid lease are going steadily forward and quite a quantity of ore is being extracted preparatory to sending out a shipment to one of the local custom mills.

## DISHWASHER IS EDUCATED SAYS BIG UNIONIST

(By Associated Press.)  
SAN FRANCISCO, Calif., Mar. 29.—All hotel and restaurant dishwashers are not "down and out," according to George P. M. Bowns, San Francisco dishwasher, a leader in the union movement and one of the best orators in labor ranks in this city.

"The average dishwasher is well educated," Bowns said recently. "A large number of them are college or university graduates. You will find in our ranks men who have graduated in law, medicine and other professions. I am a dishwasher by choice."

Bowns says he is a graduate of Union College, Schenectady, N. Y., and asserts he attended the National Catholic university in Washington, D. C., for some time. He was raised in Troy, N. Y.

At present Bowns is vice-president of Cooks Helpers' Union Local No. 110, president of the local joint executive board of the culinary crafts, financial secretary-treasurer of the San Francisco label section and member of the law and legislative committee of the San Francisco labor council.

During the last 15 months, Bowns has helped increase the membership of his union from 386 to 897, placing men in positions where they receive a minimum wage of \$21 per week.

### KNIGHTS OF COLUMBUS.

There will be a meeting of the Knights of Columbus Thursday evening, March 30. A full attendance of members requested by the Grand Knight.

## READ TODAY'S NEWS WHILE IT IS FRESH

The Bonanza is now delivered by carrier for \$1 a month. Enter your subscription and read today's news while it is red hot. Why wait until tomorrow to read what is happening today? The Associated Press dispatches received by this paper take you through the happenings of the world of this day, and all news in the morning publications is simply a rehash of what has happened the day previous.

## PERSONAL

L. L. MUSHETT of the Tonopah Machinery company, left this morning for Bishop.

DR. H. R. RULSON, who accompanied her father to Reno, has returned home.

A. J. STINSON, state mine inspector, was an arrival this morning from Carson City, and will remain for a short time looking after official business.

J. M. GILFOYLE, manager of the Lethrop-Davis store, accompanied by his wife and two babies, returned this morning from a visit of ten days in San Francisco.

WALTER W. WILSON, who has been in Los Angeles for the last three weeks looking after matters pertaining to the Super Six Mining company, operating a Royston has returned to Tonopah.

CHARLES W. TAYLOR, president and general manager of the Fish Lake Merger Oil company, visited the seat of operations yesterday, and announcement is made that drilling will be resumed in a few days.

E. N. RICHARDSON, who has been in Pueblo, Colo., for the last four months, visiting with his family, returned to Tonopah this morning, and is again to be found at the desk in the offices of the Fish Lake Merger Oil company.

FRED W. CORKILL, superintendent of the mill of the Pacific Coast Box company at Death Valley Junction, spent today in Tonopah visiting with friends of his boyhood days in Candelaria, where he was born. He left this afternoon for Death Valley Junction, driving a new Dodge car which he purchased of the Midland garage.

## TO SAFEGUARD NATIVE RIGHTS OF NEW GUINEA

(By Associated Press.)  
SYDNEY, N. S. W., Mar. 1.—(By Mail).—Measures to safeguard the interests of the natives of the former German New Guinea territory are being prepared by Australia, which has a mandate over the region, it was announced today.

Great difficulty will be experienced, it is anticipated in the government's efforts, because the tribes differ in character, language and intellectual development.

One of the measures calls for the establishment of an industrial school for boys between 9 and 12 years of age. Their time will be divided between ordinary school pursuits and shop work including elementary carpentry, plumbing and painting. School subjects will include English, reading and writing and the "value of cleanliness," according to announcement. It is believed that this school may become self-supporting within a few years.

Exports have also advised that the especially apt pupils be trained more extensively in order that they may become assistant teachers. The original school, in the manner of an experiment, will be continued for three years. If it proves successful, institutions will be opened in other districts.

## BROTHERHOODS WILL TAKE UP MANY PROBLEMS

(By Associated Press.)  
HOUSTON, Tex., Mar. 29.—The 29th convention of the Brotherhood of Locomotive Firemen and Engineers, to open here May 3, will consider the question of the open shop, that of the effort for universal wage reduction, and a proposal to develop the labor pass. It will also consider reports of two conferences in Chicago, the political progressive conference of February 21 and the conference of February 22 between representatives of the United Mine Workers, the longshoremen and the railroad employees' organizations, to promote closer relations.

A convention of the Ladies Auxiliary to the brotherhood will also open May 8. Each of the 904 brotherhood lodges and of the 422 auxiliary lodges will be represented at the respective conventions by a delegate, and numerous members will attend unofficially. Twelve lodges were represented at the first brotherhood convention in 1874.

The order was organized in 1873 by 11 firemen. At the last convention in 1919 a membership of 116,990 was reported. Eugene V. Debs was grand secretary and treasurer in 1880, and editor and manager of the magazine of the order from 1880 until 1892.

Read the news hot off the pan. It's in the Bonanza, \$1 a month delivered.

## ALADDIN CAVE JEWELS WILL ASSIST NEEDY

(By Associated Press.)  
MOSCOW, Mar. 4.—(By Mail).—An Aladdin's cave of jewels has been opened by the decision of the Soviet authorities to confiscate some of the treasures of the Russian church and sell them to feed the famine sufferers.

The Soviet decree issued February 26 directs the seizure of all precious metals and stones "which would not interfere with the interests of the various cults." It has been announced that the all-Russian central committee will determine what articles are absolutely necessary for religious purposes and exempt from requisition.

Most famous of the church treasures described by the Moscow newspaper Ivestia, is the bejeweled ikon, "Our Lady of Kazan," to the Kazan cathedral in Petrograd. It is a representation of the Virgin done in beaten gold, weighing 10 pounds and decorated with 1,655 larger and 1,432 lesser diamonds, 638 rubies, 7 sapphires, 1,400 pearls and 155 other jewels, and hung about the neck of the Virgin is a diamond necklace of huge, first water stones.

At Peter Paul's cathedral, also in Petrograd, there is another famous ikon, known as the "Jerusalem Holy Lady," in solid gold. It is about two feet square, and contains 38 carats of large diamonds, 13 carats of middle sized diamonds and 14 and one-quarter carats of smaller stones. Altogether, in this church, says the Ivestia, there are 24 almost equally valuable ikons.

To St. Isaac's cathedral, Petrograd, were presented on the day it was opened, a total of 215 articles containing 81 pounds of gold and 4,788 pounds of silver and later a shrine was built of solid silver weighing 468 pounds. St. Isaac's also has one ikon, 21 inches wide by 25 inches high, done in gold overlay and bearing a wreath in large diamonds. There are a dozen other ikons of tremendous value at St. Isaac's alone.

## Father of Deceased Miner is Paid \$1000

Thomas A. Frazier, comptroller of the Tonopah Mining company, yesterday mailed a check calling for \$1000 to the father of the late Jesse Richmond, residing at Provo, Utah. This money represented insurance carried upon the life of Mr. Richmond by the Tonopah Mining company. Richmond died of pneumonia on February 21.

## CLASSIFIED ADS

### FOR SALE.

FOR SALE—4-room house and 2-room cabin, all fenced in; \$600.00. Phone 1624.

Owing to frequent calls for men I will maintain a FREE EMPLOYMENT office in connection with our Stage Lines. Anybody seeking employment is invited to register. Anybody seeking help is invited to call. Office in Brunswick Parlors.

M21-1f L. L. MUSHETT.

## AMUSEMENTS

### THRILLING SEA STORY TODAY.

"Women Who Wait," which will be shown at the Butler today, is a story of the sea—the sea that is sometimes called calm and peaceful, oftentimes stormy and tempestuous, but always beautiful and cruel.

A story of men who have fought the cruel sea—men on whose faces the sea has stamped their characters; men whose natures have been tempered or softened by the stern life of fisher folk. A story of a woman who waits and keeps burning in heart a love as steady and undying as the beacon in the lighthouse tower. The plot, the triangle of two brothers in love with one girl. The stronger one wins her by lies and tricks, but his treachery and jealousy work his own undoing and, in the end, the winners are the man who was true and the woman whose love waited. There is rare, delightful atmosphere in the Cape Cod seacoast locations, and the quaint, homely characters. There is melodrama as sweeping and mighty as a stormy sea in the thrilling, breathless climax. Entertainment that lifts you out of yourself in every foot of this vibrant drama of life. Added to the program, a two-reel comedy, "Skipper Has His Fling."

Tomorrow, William Desmond, Martha Mansfield and Marguerite Marsh in "Women Men Love," a very unusual screen story, and Pathe News.

## POPULAR TEACHER IS BRIDE OF G. H. MILLER

Miss Kathryn Ingalls, teacher in the kindergarten of the public schools, was united in marriage last night, at 6 o'clock to George E. Miller, who is connected with the milling department of the Tonopah Mining Company. The ceremony was performed at the Graves apartments in the presence of a few close friends by Rev. G. G. Holsholt of the Episcopal church, and following a wedding supper served by Mrs. Graves the newlyweds left in an auto for Goldfield.

Mr. Miller is an ex-service man and expects to leave shortly for Old Mexico where he will be employed by the Tonopah Mining company. Mrs. Miller will complete her year as teacher in the Tonopah schools when she will leave for the south to join her husband.

### NOTICE AUTO OWNERS.

All ordinances pertaining to traffic, parking and muffler closing, will form this date be strictly enforced. Owing to the grade of Main street loaded trucks will be given consideration regarding closing got mufflers. Please observe the ordinances.

Dated March 22, 1922.

O. H. SMITH,  
Chief of Police,  
Town of Tonopah.

M21-1f
